Vonderahe Displays Live Specimens of 'Black Widow' Spider

Specimens of poisonous "Black Widow" spiders are on display in the Vonderahe Realty Company booth at the Fiesta and Automobile Show. Latrodectus Mactans, as the "Black Widow" is known in the text books, is extremely poisonous, but investigators have found that it seldom bites except under great provocation.

Charles Vonderahe has found a number of specimens of Latrodectus Mactans, and invites the public to inspect them. The "Black Widow" is a slightly larger than medium sized black spider, with a bright red or orange spot on the abdomen. Mr. Vonderahe some time ago put two together in a jar, whereupon a fight to the death at once took place. He says he never has found two of the spiders in the same spot.

The Harbor Chapter, O. E. S., conferred the initiatory degree at Palos Verdes Chapter, Long Beach, last Friday evening.

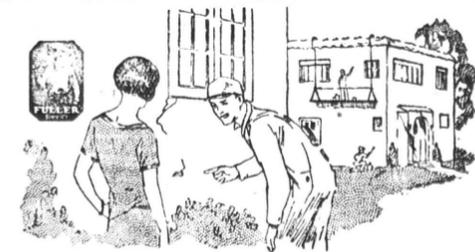

Gene Nelson, whose mother, Mrs. M. H. Stephenson leaves soon for San Francisco, will make his home with the Powell family on Eshelman avenue and continue attendance at Narbonne High School.

Mr. and Mrs. E. B. Seriver have returned from a week's vacation at Seal Beach.

Mrs. H. E. Hickman of Weston street visited Long Beach friends, Tuesday.

Save stucco with **Concreta**
The Special PAINT that protects and beautifies

Unpainted stucco absorbs moisture, from rain and humid atmosphere, which may linger for weeks. This, with changing weather conditions and the resulting changes in moisture content, causes stucco to develop unsightly cracks and streaks.

Furthermore, stucco if not protected by paint, gradually disintegrates on the surface, from the constant attack of carbonic acid formed when carbon dioxide in the atmosphere combines with moisture.

Stucco, like wood and metal, needs painting for protection, but it requires a special lime-resisting paint. Concreta is made to meet the special requirements of a concrete and stucco paint. It is lime resistant, moisture-proof and has a pleasing mellow, stone-like texture which enhances the beauty of the stucco surface.

Concreta is made in twelve pleasing colors also white. Ask for color card and special literature.

Little Chats With Vons Customers

Mrs. M. L. Foess, 5416 LaMirado St., Los Angeles

Mrs. Foess states that she unhesitatingly recommends Vons stores to friends in search of a satisfactory market. She finds Vons, she says, the most completely equipped "marketing home"—clean and neat, well stocked with fine merchandise at reasonable prices. Mrs. Foess pays a high tribute to the character of the Vons personnel, which, she points out, means volumes to the customer.

High Blood Pressure
Famous Mexican Agumiel Now Used for Treatment

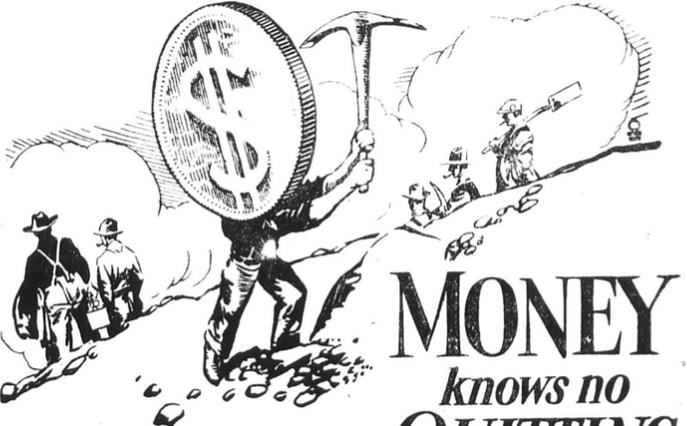

For centuries Mexican sage or Agumiel, has been the great natural remedy of Mexico. Since the Spanish Conquest scientists have studied it. Scores of books and treatises published on its medicinal use. And for 50 years European and American physicians have sent wealthy patients to Mexico to drink Agumiel. Results are medical history.

Now a trip to Mexico is unnecessary. Agumiel, delicious syrup concentrate of Mexican sage, has world-wide use. Does not spoil like fresh sage. It is Agumiel, with all vital elements intact, absolutely unchangeable except for removal of water without cooking. Nothing added. Non-alcoholic.

Thousands are using Agumiel for high blood pressure. Every sufferer should investigate. Free 24-page booklet at your drug store. Imported only by Agmel Corporation, Los Angeles, Calif.
